Cycles Material Vault (Volume 1) - Blender MarketCycles

But as I think about it's intended audience, I think this book does a marvelous job. It's a great introductory book on creating materials in Blender using Cycles. As the author admits towards the end, there are some better "recipes" out there, but for someone getting started, this book will get them a long way.

Amazon.com: Customer reviews: Blender Cycles: Materials

Create Realistic Materials with Cycles (scroll down for the material node setups) Cycles has been around for a while now, and while shiny perfect floors are fun, it's important to challenge yourself with more 'interesting' blender materials from time to time.
