Education in Ethiopia has been dominated by the northern nations of the country for many centuries until secular education was adopted in the early 1900s. Prior to 1974, Ethiopia had an estimated illiteracy rate well above 90% and compared poorly with the rest of Africa in the provision of schools and universities.

Languages are a fundamental aspect of peopleâ€™s lives and the democratic functioning of society. In response to the needs identified in or by its member states, the Council of Europe has been working over the past few decades to compile a set of resources made available to education authorities and professionals and benefiting all Europeâ€™s citizens (see milestones).
