Principles of Managerial Finance (Pearson Series in

Corporate governance is the mechanisms, processes and relations by which corporations are controlled and directed. Governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors, auditors, regulators, and other stakeholders) and includes the rules ...

AccountAnts for business Finance transformation: expert

The word "corporation" derives from corpus, the Latin word for body, or a "body of people". By the time of Justinian (reigned 527â€"565), Roman law recognized a range of corporate entities under the names universitas, corpus or collegium. These included the state itself (the Populus Romanus), municipalities, and such private associations as sponsors of a religious cult, burial clubs, political ...
