Sensibility and the Eighteenth-Century Novel Sensibility isn't simply a literary phenomenon; there are a variety of social factors which need to be taken into account. In this lecture I want to try to make some 'sense' of 'sensibility' as a social as well as a literary construct; I'll give some examples of passages from the novels which you may find ...

### **Sensibility and the Eighteenth-Century Novel Social Factors**

Sensibility refers to an acute perception of or responsiveness toward something, such as the emotions of another. This concept emerged in eighteenth-century Britain, and was closely associated with studies of sense perception as the means through which knowledge is gathered. It also became associated with sentimental moral philosophy

The Neo-Classicism movement was big in the 18th century and on into the 19th century, where it coincided and, in a way, competed with Romanticism. Though *Sense and Sensibility* is widely considered a Romantic novel, strong arguments can be made that, through the nature of the characters, both Neo ...

### **Sense & Sensibility in 18th Century England by Sarah**

According to some definitions, then, sensibility is the display of virtue“at least, such is the case for women in the nineteenth century. Since concepts such as piety, modesty, and obedience defined the moral standard for women, feminine sensibility required women to display such qualities in their behavior.
