Financial And Managerial Accounting 14th Edition.pdf

The accuracy necessary to meet financial accounting standards may not be needed for managerial accounting reports, as long as there is a general overview that accurately reflects company performance.

The Differences Between Financial Accounting & Management

But management accounting is much broader than financial accounting in helping management since the subject â€œmanagement accountingâ€• is created to serve the management (yes, only the management). Financial accounting, on the other hand, is a niche subject which helps management see how a company is doing financially.
