Development control, planning control, or (in Scotland) development management is the element of the United Kingdom's system of town and country planning through which local government regulates land use and new building. It relies on a "plan-led system" whereby development plans are formed and the public is consulted. Subsequent development requires planning permission, which is granted or ...

Contraceptive Use in the United States WHO NEEDS CONTRACEPTIVES? There are 61 million U.S. women of reproductive age (15-44). 1 About 43 million of them (70%) are at risk of unintended pregnancy—that is, they are sexually active and do not want to become pregnant, but could become pregnant if they and their partners fail to use a contraceptive method correctly and consistently. 2
