"Americans are being denied the right to express their religious speech in the public square." Ralph Reed, Christian Coalition. "Public schools can neither foster religion nor preclude it. Our public schools must treat religion with fairness and respect and vigorously protect religious expression as well as the freedom of conscience of all other students.

Until the late 19th century, creation was taught in nearly all schools in the United States, often from the position that the literal interpretation of the Bible is inerrant. With the widespread acceptance of the scientific theory of evolution in the 1860s after being first introduced in 1859, and developments in other fields such as geology and astronomy, public schools began to teach science ...
