

science student activity journal pdf

The primary aim of the International Journal of Exercise Science (IJES) is to engage undergraduate and graduate students in scholarly activity as authors and reviewers as they develop into professionals. In accordance with this aim, on manuscript submissions it is mandatory that at least one author be a student that has played a prominent role in the overall study (see About IJES).

Resident gut bacteria can affect patient responses to cancer immunotherapy (see the Perspective by Jobin). Routy et al. show that antibiotic consumption is associated with poor response to immunotherapeutic PD-1 blockade. They profiled samples from patients with lung and kidney cancers and found that nonresponding patients had low levels of the bacterium *Akkermansia muciniphila*.

Gut microbiome influences efficacy of PD-1-based

Biology is the natural science that studies life and living organisms, including their physical structure, chemical processes, molecular interactions, physiological mechanisms, development and evolution. Despite the complexity of the science, there are certain unifying concepts that consolidate it into a single, coherent field. Biology recognizes the cell as the basic unit of life, genes as ...
