A sex position is a position of the body that people use for sexual intercourse or other sexual activities. Sexual acts are generally described by the positions the participants adopt in order to perform those acts. Though sexual intercourse generally involves penetration of the body of one person by another, sex positions commonly involve penetrative or non-penetrative sexual activities.

Woman on top, also called the cowgirl or riding position, is a group of sex positions in which a man lies on his back or sits, a woman straddles him facing either forward or back, and the man inserts his erect penis into the woman's vagina or anus.. The cowgirl name derives from the image of the receiving partner "riding" the partner as a cowgirl rides a bucking horse.
