The focus of the Chemical Management Program Area is emergency planning, community right-to-know, and reporting of substances and processes at facilities which may pose a threat. This area does not solely apply to manufacturers or large federal facilities. Chemicals include liquids, solids, and gaseous substances. A substance as common as "white-out" or a household pesticide/herbicide are ...

Federal oil and gas leases require annual rental payments until a discovery of oil or gas in paying quantities on the leased lands. This means that, upon the completion of a well capable of producing oil and gas in paying quantities, the lease is transferred into producing status and annual rentals are no longer required.
