

suburban nation the rise pdf

A suburb is a mixed-use or residential area, existing either as part of a city or urban area or as a separate residential community within commuting distance of a city. In most English-speaking countries, suburban areas are defined in contrast to central or inner-city areas, but in Australian English and South African English, suburb has become largely synonymous with what is called a ...

Suburbanization is a population shift from central urban areas into suburbs, resulting in the formation of (sub)urban sprawl. Sub-urbanization is inversely related to urbanization, which denotes a population shift from rural areas into urban centres. Many residents of metropolitan regions work within the central urban area, and choose to live in satellite communities called suburbs and commute ...
