New Vaccine Pipeline tracker. Research and development. WHO's Initiative for Vaccine Research (IVR) facilitates vaccine research and development (R&D) against pathogens with significant disease and economic burden, with a particular focus on low and middle income countries.

WHO | Research and development

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

The Importance of Play in Promoting Healthy - Pediatrics

Thirteen offshore wind energy leases have been awarded to developers and BOEM is committed to working with our many stakeholders as we continue to lease the OCS for responsible renewable energy development activities.
