Bicameralism (the condition of being divided into "two-chambers") is a radical hypothesis in psychology that argues that the human mind once operated in a state in which cognitive functions were divided between one part of the brain which appears to be "speaking", and a second part which listens and obeys – a bicameral mind. The term was coined by Julian Jaynes, who presented the idea in his ...

Dramatic literature, the texts of plays that can be read, as distinct from being seen and heard in performance.. The term dramatic literature implies a contradiction in that literature originally meant something written and drama meant something performed. Most of the problems, and much of the interest, in the study of dramatic literature stem from this contradiction.

Introduction PLATO's Divided Line, his Cave Allegory and the Sun analogy, occur together in the central section of the Republic and arguably express the core message of this most important of philosophical works. Of the Divided Line, Smith (1996, p. 25) wrote: "Scholars seem generally to agree that what Plato is doing here is extremely important; but they cannot seem to agree about exactly ...

Edward B. Tylorâ€™™s Primitive Culture articulates one of two major theories of culture to emerge around 1870. His theory defines culture in descriptive terms as the â€œcomplex wholeâ€• that makes up social ideas and institutions, and in this it helped to establish anthropology as a recognized science.
