The state of being insane; madness ... Definition from Wiktionary, the free dictionary

### **insanity - Wiktionary**

Insanity, craziness, or madness is a spectrum of both group and individual behaviors characterized by certain abnormal mental or behavioral patterns. Insanity may manifest as violations of societal norms, including a person or persons becoming a danger to themselves or others, though not all such acts are considered insanity; it has been associated with the idea of contagion, as in the case of ...

The insanity defense, also known as the mental disorder defense, is an affirmative defense by excuse in a criminal case, arguing that the defendant is not responsible for his or her actions due to an episodic or persistent psychiatric disease at the time of the criminal act. This is contrasted with an excuse of provocation, in which defendant is responsible, but the responsibility is lessened ...
