

### **the keeping breeding of pdf**

Pigeon keeping or pigeon fancying is the art and science of breeding domestic pigeons. People have practised pigeon keeping for about 10,000 years in almost every part of the world. In that time, humans have substantially altered the morphology and the behaviour of the domesticated descendants of the rock dove to suit their needs for food, aesthetic satisfaction and entertainment.

Record keeping charts for breeders are valuable data sheets helping oversee the growth of each puppy thanks to various templates including whelping records and puppy weight charts. Especially when the size of the litter is large, ethical dog breeding practices will require a proper follow-up of each whelp.. Dog breeders doing it all in their head increase the chances of mistakes because of bad ...
