The diversity in many classrooms provides a starting point for children to begin to understand and value the many distinct cultures of the world. What better way to do that than to feature a winter unit on light festivals from around the world. Teach your students about the cultural traditions in France, Sweden, Thailand, Philippines, India, Egypt, Holland, and Mexico.

Description. The circuit diagram present here is that of a street light that automatically switches ON when the night falls and turns OFF when the sun rises. In fact you can use this circuit for implementing any type of automatic night light. The circuit uses a Light Dependent Resistor (LDR) to sense the light. When there is light the resistance of LDR will be low.
